EASTLAKE COMMUNITY COUNCIL
ANNUAL DINNER MEETING
TUESDAY, OCTOBER 29th
TYEE YACHT CLUB

There are four major purposes to this year's annual dinner meeting. The first is to honor Hal Green - to thank him for all his hard work, both as our attorney in representing us in the many suits against the Roanoke Reef project, and as a private citizen helping us to better our community. I hope you will all come to the dinner to express your gratitude to Hal.

The second purpose is to bring the people of Eastlake up to date as to what is going on within our community and to give a brief history of the area and the Eastlake Community Council. Five speakers - those who have often led in our efforts - will be present to give us some light sketches of the past and present.

The third is to elect new officers to the board (see below) of the Eastlake Community Council for the 1974-5 year. The best and final purpose is to say hello to old friends, to meet new neighbors and to have ourselves a good time.

See you all there,

Phil Keightly

PAUL TRUSH

KEN LONGMAN

ROANOKE REEF: Mr. Braman, Director of the Department of Community Development wrote Mr. Petty, Superintendent of Buildings a letter on September 19 concerning the Reef and its application for a Substantial Development permit.

"The proposed action is not consistent with the existing ordinance implementing the Shoreline Management Act of 1971, the Department of Ecology Guidelines and the adopted Goals and Policies of the Master Plan; therefore, this application for a Substantial Development Permit is denied.

IT NOW GOES TO THE CITY COUNCIL FOR FINAL JUDGEMENT - DATE NOT SET

FAIRVIEW IMPROVEMENTS: The September 17 meeting with the Engineering Dept. set the following priorities.

1. Reduce speed and volume of traffic on Fairview.
2. Street improvements on Fairview street ends.
3. Street trees on Fairview (we plant 'em).
4. Cul-de-sac Fairview at Newton.

SEWARD IS SAVED: "...we've won for the moment, but the long hard road lies ahead. Keeping our school open will demand continued diligence." Thus Marilyn Kavanaugh reminded the Seward Community that a three year moratorium on closure more closely resembles commitment than complacency.

The Seward PTSA will meet October 17

Welcome Lyle Staley, Seward's new principal

SEATTLE FREEHOLDERS: The freeholders have recently published their paper on the Executive and Legislative Branches of government. Considerations regarding Fiscal and Personnel matters are presently being formulated. The schedule for October includes also the area of Public Interest. The October 21 meeting concerns the office of Ombudsman, Hearing Examiner; the inclusion of a Preamble and a "Bill of Rights" for the city. The October 24 meeting continues with a discussion on the Initiative, Referendum and Recall, and the possibility of Neighborhood Self-Government. Personnel matters will again be the topic on November 2; and Public Information on November 7. The final decision on the Executive and Legislative will be reached November 12; on Personnel November 14. The Seattle Board of Freeholders is located in room 611, Alaska Bldg, 618-2d Ave. (583-6530)

SAND POINT - PLANES OR PEOPLE? Bruce Chapman and the Friends of Sand Point Park have forwarded ECC NEWS information regarding the Sand Point issue, and urge a "no" vote on Initiative #3 in November. Chapman reports that "less than one quarter of the total expense of such a civilian airport for private planes will be supported by the aviators themselves". The "Friends": 6639 58th NE 98115

SAVE WOODLAND PARK! Contributions and Inquires to 158 NW 72d Street, telephone 782-7093. The City Council has submitted a substitute measure which would allow the lid to be constructed over Aurora at a budgeted cost of over a million above Howard Thrust. Save Woodland asks a "no" on the substitute and a "yes" on Initiative #1.

SEATTLE MENTAL HEALTH needs volunteers who are understanding, able to listen, and will be a friend to those seeking help. Programs include Alcohol Treatment, Vocational Rehab, Our-Patient Counseling, Group Therapy, Tutoring, Teen and Elderly. Contact Gilbert Hirabayashi, 329-5400
