OCTOBER MEETING TO BE HELD AT SEWARD SCHOOL

There will be a general meeting of the Eastlake Community Council on October 15, and we have Seward School back again as a meeting place. Mike Feeney, Principal of Seward, has given us permission to use the staff lunchroom from 7:30 to 9:00 each evening that the School is open for special events, or for PTA meetings. Those dates and events over the next three months are:

Wednesday, October 15 - - Open House
Wednesday, November 5 - - Crafts Night
Friday, December 5 - - Holiday Boutique

We regret having to give up our regular schedule of general meetings on the third Tuesday of each month, but the benefits of having Seward clearly outweigh the inconvenience of switching meeting nights.

The program for this Wednesday will include presentations from METRO and the Seattle Transit Alliance. The METRO representative will discuss the Transit 1990 plan, and how METRO plans to fund it. One proposal is to raise the sales tax, which was defeated in September, but will be back on the ballot in November.

The Seattle Transit Alliance will offer some alternatives, including Initiative 21, which was ruled off the Fall ballot by a court decision.

Also on Wednesday will be a short presentation by John Wall, Eastlake's planner in the City Office of Neighborhood Planning.

HELP ECC TO HELP YOU!!

Candidates to Speak

Eastlake will join Ravenna-Bryant, the University District, Wallingford, Phinney Ridge, Portage Bay, and Montlake community groups in a forum for candidates for state offices at 7 p.m., Wednesday, October 22, 1980 at the University Christian Church, 4731 Fifteenth NE.

Gubernatorial candidates will send personal representatives, but State Attorney General and other candidates will be there.

Our own ECC Vice-President, Kathy Shea, will be moderator.

Any of the Number 70 series busses will take you within a block of the church, but if you need assistance, write us, and we'll find a way for you. Write to: Lynn Lomax, ECC Secretary, P.O. Box 4101, Seattle, Washington 98102.

MEETING (cont'd from Page 1)

John will describe the Department of Community Development's plans for new zoning policies in Eastlake's multi-family residential areas and in business or manufacturing areas.

Members of the Eastlake Technical Advisory Committee (TAC) will also be on hand to explain how renters, and community business people work with our planner on the project. John Wall will provide handouts on the recommended plan, which should be useful for study as a prelude to our November 5th meeting.

That meeting will be primarily devoted to a discussion of the city's recommendations for zoning in the Eastlake area. It will be an opportunity to express opinions about the shape of our neighborhood in the future.

The meeting this Wednesday will also take up regular business. We urge you to join with your neighbors and to speak your mind.

ECC GENERAL MEETING
7:30 - - 9:00 PM
Wednesday, October 15
Seward School
2515 Boylston East
Staff Lunchroom

JOIN YOUR NEIGHBORS

Yes, I'd like to be a member member of the Eastlake Community Council.

WELCOME SPONSORS!

This month we present a new regular feature - - a list of our business neighbors who have donated \$25, in addition to their dues, in order to support this newsletter. We are very grateful for their generous support.

We ask in turn that Eastlake neighbors support them. Their contributions will help us meet the rising costs of publication. With the help of our sponsors, we hope to expand our coverage of people, events, and issues concerned with "Eastlake Country." Next month we will print the newsletter in a larger format with more emphasis on feature stories, such as one that Donna Hainer submitted for this issue describing the Roanoke Reef demolition.

Hail, then to these Charter Member sponsors of our modest little publication:

Bauer Books
2241 Eastlake East

Eastlake Zoo
2301 Eastlake East

G & H Printing
2370 Eastlake East

Hal's Shell Service
2244 Eastlake East

Julia's 14-Carrot Cafe
2305 Eastlake East

Seattle First National Bank
Eastlake Branch
1600 Eastlake East

CONFUSED?

Recently the Seattle Building Department became the Department of Construction & Land Use.

To clarify the change, the renamed office has just published a list to help citizens call the best number for answering questions. We regret space does not allow even sample numbers, but you can call: 625-2293, or ask at the Municipal Bldg.
